2022 BPSA ELITE SPONSORSHIP PACKAGES

BPSA Platinum Sustaining Sponsorship

BPSA PLATINUM sponsorship supports BPSA networking events, including BPSA's popular Webinar Speaker Series and BPSA's premier networking event, the BPSA Single-Use Summit. BPSA's 2022 Speaker series will build on the information from the over dozen webinars currently found on BPSA's [website](#), highlighting BPSA technical committee workstreams, discussing the economic outlook for the Single-Use Technology industry, updating sessions on vaccine manufacturing and supply chain, and presenting general "for the good of the industry" sessions.

Due to the overwhelming success of our Webinar Speaker Series, PLATINUM sponsors will be offered a "featured sponsor" promotional opportunity – a 2-minute ad to promote your company to the attendees at the beginning of TWO 2022 webinars, as well as featured heavily during the BPSA 2022 Single-Use Summit. *Over 2500 individuals attended the BPSA webinar series; 33% of whom are end-user non-members.***

The Platinum sponsorship offers major corporate recognition and visibility including company logo featured on BPSA website home page, webinar series page, and technical guide page. Sponsorship also includes all webinar and Summit promotional signage and company logo on webinar introduction slides as well as featured prominently on-site during the Summit. The sponsorship also includes logo attribution on inside cover of all BPSA technical guides issued. *Guidance documents were downloaded over 1500 times in 2021, approximately 33% of the technical guide downloads are by non-member, end-user companies.*

***Sponsorship attribution on all marketing and promotional collateral upon payment of invoice**

**** BPSA Summit is in its planning stages for July 2022. Firm dates when available due to Covid-19 protocols and travel restrictions.**

BPSA Gold Sustaining Sponsorship

BPSA GOLD sponsorship supports BPSA networking events, including BPSA's popular Webinar Speaker Series and BPSA's premier networking event, the BPSA Single-Use Summit. BPSA's 2022 Speaker series will build on the information of the over dozen webinars, currently found on BPSA's [website](#), highlighting BPSA technical committee workstreams, discussing the economic outlook for the Single-Use Technology industry, updating sessions on vaccine manufacturing and supply chain, and presenting general "for the good of the industry" sessions.

Due to the overwhelming success of our Webinar Speaker Series, GOLD sponsors will be offered a "featured sponsor" promotional opportunity – a 2-minute ad to promote your company to the attendees at the beginning of one 2022 webinar, as well as featured heavily during the BPSA 2022 Single-Use Summit. *Over 2500 individuals attended the BPSA webinar series; 33% of whom are end-user non-members.***

The Gold sponsorship offers major corporate recognition and visibility including company logo featured on BPSA website home page, webinar series page, and technical guide page. Sponsorship also includes all webinar and Summit promotional signage and company logo on webinar introduction slides as well as featured prominently on-site during the Summit. The sponsorship also includes logo attribution on inside cover of all BPSA technical guides issued. *Guidance documents were downloaded over 1500 times in 2021, approximately 33% of the technical guide downloads are by non-member, end-user companies.*

***Sponsorship attribution on all marketing and promotional collateral upon payment of invoice**

**** BPSA Summit is in its planning stages for July 2022. Firm dates when available due to Covid-19 protocols and travel restrictions.**

BPSA Silver Sustaining Sponsorship

BPSA SILVER sponsorship supports BPSA networking events, including BPSA's popular Webinar Speaker Series and BPSA's premier networking event, the BPSA Single-Use Summit. BPSA's 2022 Speaker series will build on the information of over a dozen webinars currently found on BPSA's [website](#), highlighting BPSA technical committee workstreams, discussing the economic outlook for the Single-Use Technology industry, updating sessions on vaccine manufacturing and supply chain, and presenting general "for the good of the industry" sessions.

The Silver sponsorship offers major corporate recognition and visibility including company logo featured on BPSA website home page, webinar series page, and technical guide page. Sponsorship also includes all webinar and Summit promotional signage and company logo on webinar introduction slides as well as featured prominently on-site during the Summit. The sponsorship also includes logo attribution on inside cover of all BPSA technical guides issued. *Guidance documents were downloaded over 1500 times in 2021, approximately 33% of the technical guide downloads are by non-member, end-user companies.*

***Sponsorship attribution on all marketing and promotional collateral upon payment of invoice**
